Thanks to your letter, we have confirmed that the Pillbox pricing is high and we are taking action. My CFO will be visiting with them today. They are not the only pharmacy in town who takes indigent prescriptions. Roger's is also a participant in the plan. If you want to save money, go to Roger's.

My letter responds to your other concerns. You need to visit with our Indigent Program about doctors who are accepting patients.

Jeff

I do have to fill prescriptions today, which I thought if you let me know if I was correct (about overcharging), I could save the MCHD over \$100, but I will go ahead to the Pillbox. I have to be in Dumas on Tuesday if you want to meet then.

Ron

Subject: Re: Could I have the professional courtesy of a response?

Ron, with all due respect, I received your letter yesterday and spent a considerable part of my day preparing a response, even though I had other more pressing issues to address. Please demonstrate some patience.

Jeff
