- Re: 1. Notice of my attending public meeting of public meeting at MCHD  
conference room on 9/11/2012 at 8 A.M.  
2. Request for status of my case (see attached 5/02/2012 letter)

Dear People:

Four months have passed since I was notified that "prosecution of crime" was pending against me by the Dumas Police Department (see paragraph 4 of attached 5/02/2012 letter). There have been 2 police visits with regard to Jeff Turner's false police report of 4/18/2012 and after the second visit I had a lengthy discussion with Scott Higginbotham. He told me DPD officers had already contacted him about how to deal with me (presumably with regard to my previous unanswered letters to Chief Alban of 5/17/2012 and 6/12/2012).

I cannot imagine how a community funded and oriented government agency would show discrimination of 1 person over another, but that is what the DPD has done in issuing and maintaining a Criminal Trespass Warning against me which Jeff Turner has provided no evidence. As I told Scott Higginbotham, my landlady has been present at every "in person" contact I have had with the MCHD but no one from your office has interviewed her.

Also attached is a 8/24/2012 letter I sent to Jeff Turner about a recent newspaper article, which he ignored, so I need to attend the public meeting to get my questions answered.

Sincerely,

  
Ron Winegardner
