Re: My Emergency Room treatment on 10/28/2011

Dear Dr. Sherwood:

When you saw me in the emergency room, because I was not able to find a local doctor who would see patients from the Moore County Hospital District Indigent Care program, you told me that Krista Brown, at 100 S. Bliss, would see me as a new patient. I went to her office recently and her receptionist told me that they were not seeing new patients. Would you send me a different doctor's name that is willing to see patients from the Indigent Care program?

I would appreciate this information ASAP as my current prescriptions will run out the end of this month.

Thank you,

  
Ron Winegardner  
rw
